

Fire Chiefs' Association of BC

BC SPRINKLER COALITION ANNUAL REPORT May 2019

On behalf of the Association I continue to attend meetings and events related to the BC Fire Sprinkler Initiative at the request/direction of the FCABC Board.

Sadly to date (April 19th, 2019) we are still waiting for the implementation of the BC residential sprinkler regulations. Nevertheless, the Office of the Fire Commissioner assures us that the government is still working on this file.

On a positive note, and thanks to NFPA, I would encourage FCABC members to continue check out the BC Fire Sprinkler Initiative's website for the latest news within BC as well across North America:
